We are pleased to invite you to attend a FREE MATLAB® seminar:

"MATLAB® Applications"

Location: Faculty of Electrical Engineering and Computing, University of Zagreb
Address: Unska 3, Zagreb
Date: Wednesday, 24th March 2010, 9.00 – 12.00

Registration starts at: 8:30 a.m.

Presenters: Gergely Somlay and Szilard Nemeth, Gamax Ltd.

Seminar Overview
Engineers, scientists, and data analysts worldwide use MATLAB® to accelerate research and reduce analysis and development time. Attend this free seminar to find out how you and your colleagues an use MATLAB and its add-on products to speed product development, while complementing the tools and processes you already use.

Seminar Highlights

-Intruduction to MATLAB product family and new features
-Develop and deploy applications, Simulink, Stateflow, Real-Time Workshop and Real-Time Workshop Embedded Coder (including coding standars for automotive industry), PolySpace
-Parallel Computing

Agenda:

- Registration (8.30 – 9.00)
- Introduction of Gamax Ltd.
  About MATLAB Licences (9.00 – 9.10) (Zoltan Grsity)
- Introduction to MATLAB, Data Analysis with MATLAB
- Simulink and Stateflow
  Case Study (9.10 – 10.15)
- Break (10.15 – 10.30)
- Real-Time Workshop and Real-Time Workshop Embedded Coder, PolySpace (10.30 – 11.25)
- Parallel Computing (11.25 – 11.45)
- Conclusion - Questions & Answers (11.45 –12.00)
